## In the Air Tonight

SAM Remix is back at the Olympic Sculpture Park! Since 2008, SAM has invited the best and brightest of Seattle's creative community to produce one-of-a-kind art experiences at this signature late-night program. Celebrate the beauty, freedom, and joy of being outside with an evening inspired by sculptures in the park that interact with the air and sky. Visitors will encounter art installations, art making, music, performances, and other creative encounters that will send their spirits aloft.
